

ARPAN NYATI

Full Stack Developer

☎ 9521416660 ✉ work.arpannyati@gmail.com [in](#) [Linkedin](#) [globe](#) [Personal Website](#)

Technical Skills

Languages: Python, JavaScript, TypeScript, Java, SQL
Frontend: React, Angular, HTML5, CSS3, Material UI, TypeScript
Backend: Python (Django, Flask, FastAPI), Node.js, RESTful APIs
Databases: PostgreSQL, MongoDB
Testing: Jest, JUnit, Unit Testing
Cloud & Devops: AWS, Azure, GCP, Docker, Kubernetes, CI/CD, Jenkins
Tools: Git, Linux, Azure DevOps, SonarQube, Trivy

Experience

Ernst and Young LLP

Aug 2023 – Present

Full Stack Developer — Associate Consultant

Bengaluru, Karnataka

- **Requirements Engineering:** Collaborated with consulting teams to gather **complex business requirements**, translated client needs into **technical specifications**, and delivered **3+** enterprise-grade web applications.
- **Business Impact Delivery:** Partnered with **MDPs and senior consultants** to deliver software solutions that improved client operational efficiency by 40%, with comprehensive documentation and knowledge transfer.
- **Enterprise Solution Architecture:** Designed and developed **scalable web applications** using **Python (FastAPI) and React** using **microservices architecture** with **99.9%** up-time.
- **Technical Leadership:** **Mentored 3 junior developers** on advanced software concepts, conducted **code reviews**, and established **development best practices**.
- **Stakeholder Management:** Presented **technical solutions** to **senior management** and consulting teams, translating complex technical concepts into **business value propositions**.
- **Performance Optimization:** Resolved **15+ critical frontend bugs** in **Angular applications**, resulting in **40%** reduction in user-reported issues.
- **Performance Testing:** Conducted comprehensive **load and stress testing** using **Taurus and JMeter frameworks**, simulating **2000+ concurrent users** and generating detailed **performance reports** for senior management to make informed scaling and infrastructure decisions.
- **Rapid Prototyping:** Built **3+ proof-of-concepts** and MVPs using **React, TypeScript, and FastAPI**, accelerating stakeholder decision-making.
- **API Integration:** Developed and integrated **REST APIs in Node.js and FastAPI** with **responsive React and Angular frontends**, ensuring seamless data flow and user experience.
- **Quality Assurance:** Implemented comprehensive **testing frameworks** achieving **90+ code coverage** across all projects.
- **Cross-functional Collaboration:** Worked with **UX designers and product managers** to deliver pixel-perfect, high-fidelity web applications.
- **DevOps Implementation:** Set up **CI/CD pipelines** integrating **SonarQube, Trivy** using **Gitlab, Jenkins** and **Docker** reducing deployment time.

Wipro

Feb 2022 – May 2022

Web Developer Intern

Bengaluru, Karnataka

- **Full Stack Development:** Developed **responsive web applications** using **React, Node.js, and MongoDB**. Collaborated on **end-to-end feature development** from database design to user interface implementation.
- **Code Quality:** Maintained **clean, well-documented code** following **OOP principles** and **design patterns**.
- **Learning & Growth:** Continuously updated knowledge of **emerging technologies** and contributed to team **knowledge sharing sessions**.
- **Collaboration & Business Impact:** Worked in **Agile environment** collaborating with senior developers on **requirements gathering** and **technical specifications**, participated in **code reviews** and **sprint planning**, presented **technical solutions** to stakeholders along with documenting solutions and **mentoring fellow interns**.

Certifications

Azure Fundamentals AZ-900)

Education

Jaipur Engineering College and Research Center

June 2018 – July 2022

Bachelor Of Technology in Electrical Engineering

Jaipur, Rajasthan
